PROFESSIONAL PROFILE

Retail operations manager with an MBA and 6+ years leading store teams, controlling costs and driving performance at Lidl Hellas. Combines hands-on floor leadership with formal business education (data analysis, KPI reporting, process improvement) and adapts well across operational settings, including a current role coordinating warehouse and supply logistics. Seeking to bring this operations and people-management background into an administrative or management position.

CORE COMPETENCIES

Team Leadership & Staff Development • Store & Inventory Operations • Cost & Productivity Control • KPI Reporting & Performance Metrics • Stock/Supply Coordination • Process Improvement • Data Analysis (Excel, SQL, Python, R) • Tableau / Power BI

PROFESSIONAL EXPERIENCE

Duty Store Manager

Jun 2024 – May 2026

Lidl Hellas | Full-time

- Supported the Store Manager in day-to-day operations, ensuring smooth store functionality across a high-volume location.
- Managed, motivated and developed the store team to sustain productivity and service standards.
- Monitored and controlled staff costs, store productivity, inventory differences, write-offs and operational costs.
- Oversaw stock rotation, freshness control and compliance checks.

Warehouse & Logistics Support (Trainee)

May 2026 – Present

- Manage warehouse stock and coordinate material orders for ongoing electrical installation projects.
- Track inventory levels and liaise with suppliers to ensure timely availability of materials on site.
- Gained direct exposure to technical project operations, complementing a retail-operations background with hands-on logistics coordination.

Duty Store Manager

May 2021 – Mar 2023

- Supported the Store Manager in daily operations and store team management.
- Maintained excellent shop-floor presentation and adequate stock levels.
- Monitored staff costs, productivity, inventory differences and write-offs.

Store Associate

Apr 2019 – Apr 2021

- Unpacked and processed stock deliveries; supported bakery replenishment and shelf presentation.
- Assisted customers with queries and product location, contributing to a positive shopping experience.

Operations Roles — Fulfillment & Logistics

Jul 2023 – Apr 2024

Short-term operational roles during a career-transition period: Picker at eFood (order preparation, stock accuracy) and Handler at FedEx (parcel processing).

EDUCATION

Master of Business Administration (MBA)

Feb 2025 – Jun 2026

European University Cyprus — Business Administration and Management

Bachelor's Degree, Wood & Furniture Design and Technology

Sep 2009 – Dec 2016

University of Thessaly — Karditsa, Greece
